BAD FAITH

The Complainant has, to the satisfaction of the Panel, shown the disputed domain name has been registered and is being used in bad faith (within the meaning of paragraph 4(a)(iii) of the Policy).

PROCEDURAL FACTORS

The Panel is satisfied that all procedural requirements under UDRP were met and there is no other reason why it would be inappropriate to provide a decision.

PRINCIPAL REASONS FOR THE DECISION

The Panel finds that the disputed domain name "wedos-datacentrum.com" is confusingly similar to the Complainant's trademark "WEDOS".

It is the view of the Panel that the addition of a hyphen and the top-level domain ".com" are to be disregarded when comparing the disputed domain name to the trademark rights of the Complainant. When disregarding the above, the question of confusing similarity must be considered by comparing "WEDOS" to "WEDOS DATACENTRUM".

When assessing the confusing similarity, the Panel notes that the Respondent has merely added the generic term "DATACENTRUM" to the trademark of the Complainant. The generic word "DATACENTRUM" describes exactly the business of the Complainant carried out under the trademark "WEDOS" (according to the trademark registrations in class 39).

Considering the above the disputed domain name is confusingly similar to the Complainant's trademark rights according to the article 4(a)(i) of the Policy.

It is noted by the Panel, that the Complainant is carrying out their datacenter business from the domain "wedos.datacentrum.com", registered by the Complainant on 29.08.2010. The Respondent's registration of the domain "wedos-datacentrum.com" is considered to be typo-squatting as only the dot after "wedos" has been replaced by a hyphen.

In addition to the above, the Respondent registered the disputed domain seven years after the beginning of the business of the Complainant (registration date: 28 April 2017). Considering that the Respondent has used the trademarks to which the Complainant has exclusive rights on the disputed domain, the Respondent must have been aware of the Complainant business at the time of registering the disputed domain. Using the trademarks on a typo-squatting domain underlines the Respondent's desire to mislead customers that are looking for the domain of the Complainant.

Considering the above mentioned typo-squatting and the lack of response by the Respondent, the Panel concludes that the Respondent has no legitimate rights or interests in the disputed domain name (see paragraph 4(a)(ii) of the Policy), and that the Respondent registered and is using the disputed domain in bad faith (see paragraph 4(a)(iii), 4(b)(iii) and 4(b)(iv)).

FOR ALL THE REASONS STATED ABOVE, THE COMPLAINT IS

Accepted

AND THE DISPUTED DOMAIN NAME(S) IS (ARE) TO BE

1. **WEDOS-DATACENTRUM.COM:** Transferred
