---

#### PRINCIPAL REASONS FOR THE DECISION

This proceeding is pursuant to Paragraph 4 of the Uniform Domain Name Dispute Resolution Policy (the "Policy" or "UDRP"), the Rules for Uniform Domain Name Dispute Resolution Policy (the "Rules"), and the CAC Supplemental Rules. Paragraph 15 of the Rules provides that the Panel shall decide the complaint on the basis of the statements and documents submitted and in accordance with the Policy, the Rules, and any rules and principles of law that it deems applicable.

As the Respondent did not file an administratively compliant Response, pursuant to paragraph 14(b) of the Rules, the Panel may draw such inferences therefrom as it considers appropriate. Thus, the Panel accepts the contentions of the Complainant as admitted by the Respondent.

## I. Identical or Confusingly Similar Domain Names

The Complainant demonstrated that it owns the asserted trademark registrations for the trademarks "SPEEDY AUTO GLASS" and "AUTOGLASS," which were registered long before the registration of the disputed domain names by the Respondent. The disputed domain names incorporate the Complainant's trademarks with the addition of geographic and industry terms such as "toronto" and "repair," which do not prevent a finding of confusing similarity. Further, the addition of the unclear term „gta“ to the disputed domain name <autoglassrepairtorontogta.com> does not lead to a different assessment. Also, the addition of the gTLD suffix “.com” is not sufficient to escape the finding that the disputed domain names are confusingly similar to the Complainant's trademarks. Therefore, the Panel finds that the Complainant has established that the disputed domain names are confusingly similar to its trademarks.

## II. Lack of Rights or Legitimate Interests

The Respondent has not filed a response and has not provided any information that would oppose the Complainant's allegations. The Complainant has no relationship with the Respondent and has not authorized the Respondent to use its trademarks. The Respondent is not commonly known by the disputed domain names and is not making a legitimate non-commercial or fair use of them. Therefore, the Panel finds that the Respondent has no rights or legitimate interests in the disputed domain names.

## III. Registration and Use of the Disputed Domain Names in Bad Faith

The Complainant's trademarks significantly predate the registration of the disputed domain names. The Respondent's use of the disputed domain names to create websites that resemble the Complainant's legitimate websites indicates an intention to attract, for commercial gain, Internet users by creating a likelihood of confusion with the Complainant's trademarks. The Respondent's failure to respond to the cease-and-desist letter further supports a finding of bad faith. Therefore, the Panel finds that the disputed domain names were registered and are being used in bad faith.
